

## FEATURES:

- **PROFESSIONAL CLEANING STRENGTH:** CLEAN+BRITE can be used to clean wood surfaces from tannin stains, mould, mildew and even mild greying.
- **VERSATILE:** CLEAN+BRITE can be used on exterior wood surfaces as well as concrete, stone and masonry.
- **SAFE FOR EXISTING FINISHES:** CLEAN+BRITE can be used to safely clean exterior wood surfaces, removing dirt, mould, greying and environmental pollution.
- **EASY TO USE:** CLEAN+BRITE can be applied easily with a low-pressure garden pump sprayer and easily rinsed off with a garden hose after its activation period.

## CLEAN+BRITE Cleans and Brightens:

- All exterior wood, siding, logs, decks and fences
- All exterior concrete, stone and masonry surfaces

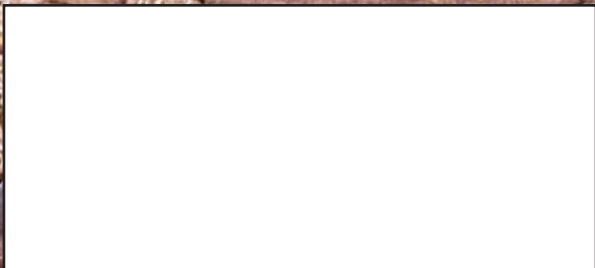

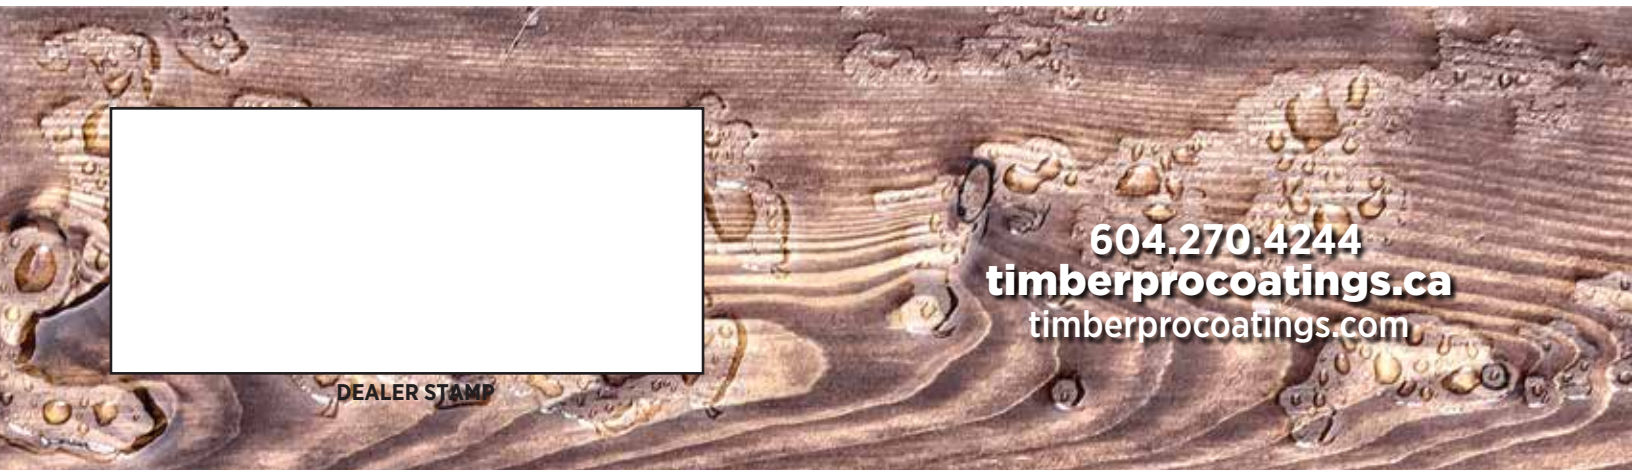

# CLEAN+BRITE

*Cleans + Brightens*

- **ALL EXTERIOR WOOD, SIDING, LOGS, DECKS & FENCES**
- **ALL EXTERIOR CONCRETE, STONE & MASONRY SURFACES**

Timber Pro CLEAN+BRITE is a specially formulated professional strength cleaner designed for all exterior wood surfaces. CLEAN+BRITE will remove tannin stains, dirt, mild greying, and environmental dirt from new wood. After cleaning with CLEAN+BRITE, the wood surface is ready for finishing. CLEAN+BRITE is also an excellent cleaner to keep your exterior coatings looking like the day they were applied and is safe to use on exterior finishes in good condition.

CLEAN+BRITE can also be used to clean up your exterior concrete, stone work and masonry around the house from any dirt or mould build-up.

## Where to Use

Use Timber Pro CLEAN+BRITE for cleaning UV damage and dirt on wood surfaces. For best results, agitate lightly with a medium-bristle brush. If there are areas that are extra dirty, apply more CLEAN+BRITE. Once the product has been allowed to work for 30 minutes and agitated, thoroughly wash down the surface with clean water using a garden nozzle. If power washing, do not exceed 1000-1200 psi and keep nozzle four feet from wood surface. Note: Rinse end grain such as log ends, corners, and any cracks or checks thoroughly. If a reapplication is necessary follow the same steps.

## RESTRICTIONS

- Always wear protective eyewear and gloves
- Always read and follow the \*Directions for Use\* instructions printed on the product container/brochure
- Do not apply on surfaces hot to the touch
- Do not allow CLEAN+BRITE to dry on wood surface
- Do not thin product other than as directed in "Directions for use"
- Do not allow contact with metal objects and material

## Application

- Application is best with spray and brush.
- Dampen wood surface prior to application.
- Application on New and Untreated Wood Surface; apply a generous amount diluted 1:1 with water.
- Application on Previously Stained Wood Surface; apply a generous amount diluted 1:1 with water.
- Application on Old Wood Surface; apply a generous amount without dilution.
- Spray all surrounding vegetation before and after use with water.
- Keep CLEAN+BRITE moist during the 30-minute activation period.

## Clean Up

Wash with soap/mild detergent and water

## Coverage

Smooth wood: 250-300 square feet per gallon.  
Rough wood: 150-200 square feet per gallon.  
Hardwoods: 300-350 square feet per gallon.  
Note: Coverage will vary with the porosity of the wood.
